

29 January 1965

MEMORANDUM FOR FILE

SUBJECT: Resolutions on Captive Nations

1. This file contains all resolutions introduced First Session of 89th Congress on captive nations.

2. So far, two different types of bills have been introduced. One, the H. Con. Resolutions, which have been referred to the Foreign Affairs Committee, calls for taking the captive nations issue up to the United Nations for resolution. The other, the H. Resolutions, which have been referred to the Rules Committee, calls for the establishment of a committee which would be concerned with this question on a continuing basis and would come up with programs, primarily of a public relations nature, to keep the pressure on the Soviet Union.

3. One of the whereas clauses in these resolutions takes note of the fact that the Francis Gary Powers' U-2 flight flew mostly over non-Russian territory.

4. All copies of captive nations resolutions are being sent to the CA staff.
